SIR,

I have the honour to forward herewith copies of letters No. H.C.107/23-24 dated Camp Dodkurugodu, 28th May 1924 from the Deputy Commissioner, Kolar District requesting sanction to the starting of the maintenance works of the Roscheruvu tank and the Yellodu Devarakere tank in Bagepalli Taluk and Gudibanda Sub Taluk respectively.

As regards the Roscheruvu work the Deputy Commissioner states that it is included in the March Programme submitted to Government for sanction, that the probable cost of the estimate is Rs.1,500/- that the assessment below the tank is Rs.633-8-0, and that the work will have to be taken up as it is the only one to provide labour for the people of the locality and as the work of sinking new irrigation wells and the deepening of the existing wells round about Roscheruvu and the adjoining villages will soon come to an end. The Government liability in respect of this work exceeding the ryots' share of contribution of one year's assessment comes to Rs.866-8-0.

As regards the other work in Gudibanda Sub Taluk, the Deputy Commissioner

Copy letter No.H.C.107/23-24 Camp Dodkurugod, dated 28th May 1924 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to state that the Deputy Amildar of Gudibanda reports that the Bandarlahalli tank maintenance work which is now in progress and which is providing labour to the people of Bullasandra, Kambalahalli, Yellodu and Gundlahalli villages of the Sub Taluk will soon be finished and so also the work of sinking irrigation wells would come to an end and that people of the said villages would be thrown out of employment thereafter and consequently suggests the taking up of the Yellodu Devarakere restoration work. It is reported that the entire atchaket under the tank belongs to the Yellodu temple and so the cost of the restoration will have to be met from out of the funds at the credit of the -- temple. I agree with the Deputy Amildar in his views and recommend that sanction of Government may be obtained early and communicated. The work is included in the programme of works for January 1924 sent up for sanction with this office No. D.9 of 23-24 dated 15-1-1924.
